Ames of 1st or 2nd chance only of 1st

Note for DCI

SUBJECT: Candidate Briefing (C)

1. Attached is an initial first cut for subject briefing. Dick asked that I send it to you this weekend for your review/comment. Dick is also going to look at it and have Bob Ames do the same.

- Your comments will be factored into a revision that will be made on Monday.
- The revised version will then be the basis for the discussion session on Tuesday.
- One thing that will have to be done will be to determine how much time will be devoted to each subject (e.g. the Saudi section is disproportionately longer than the others).
- The section dealing with the Iran-Iraq War is the one that will be the most subject to change (due to current events). What is enclosed here are your talking points, as developed for the SASC briefing, to which have been added notations for the use of graphics which are being developed. ☐

2. Regarding the graphics: Dick had a session with us and ☐ ☐ to go over the proposed graphics. Roger has been in contact with representatives of OPA, OER and OSR and is following up on that. Graphics that Dick plans to use will be available, in one form or another, for the review session on Monday at 1700. ☐
